Tennis Courts Lighting Update

Vice President Charlie Perry has obtained various bids and is making good progress with the lights project and we are still on track to have the lights installed in October.

Water Fountains

We have installed new water fountains on the courts. The water is nice and cold!

Free Wifi at the Club

In between sets? Surf the internet or check your emails using our free WiFi now available at the club. Please ask Sam for the password. We will evaluate usage after one year to see whether usage warrants the additional expense.
