### **Tennis Courts Lighting Update**

The 45 day deadline to file a law suit has passed and Vice President Charlie Perry is working to obtain bids for the installation of lights at the three most eastern courts at the club. If all goes well, the lights should be installed sometime in the fall.

### **Water Fountains**

We have installed new water fountains on the courts. The water is nice and cold!

### **Free Wifi at the Club**

In between sets? Surf the internet or check your emails using our free WiFi now available at the club. Please ask Sam for the password. We will evaluate usage after one year to see whether usage warrants the additional expense.
